### New to the Münsterland?

**Have you recently moved to Münsterland for work?**  
**Are you just getting to know the German language?**  
**Germany and the Münsterland area are still foreign to you?**  
**The first few weeks in your new job are behind you?**  
**You'd like to meet more people?**

Then get to know other internationals at a cooking event in Münster and enjoy the self-made delicacies in a convivial atmosphere. Socialize with like-minded people who, like you, have moved to the area for work (from abroad) but have not yet settled in privately. We welcome you warmly! According to the motto "Creative crossover cuisine", we will put together an international menu, combining dishes from different cultures. The food will be just as diverse as the group preparing it.

After the cooking, we will round off the event with a meal together and a nice chat. A great opportunity to get to know other internationals in the area and to socialize.

The welcome event will be held exclusively in English. A fee of ten euros will be charged upon registration.
